DE-40 Electric Golf Car

1976 to

ISSUED: FEBRUARY 1979

No. 99436-78

GENERAL INFORMATION

This Parts catalog has been prepared for your convenience when ordering parts for 1976 thru 1978 Model DE40 Electric Golf Car.

Number in parenthesis following description of part is the quantity needed for complete assembly shown in Illustration. If there is no number in parenthesis, only one is used.

Prices of all parts and accessories listed in this catalog are published separately in the latest RETAIL PRICE LIST.

The following instructions should be followed very carefully when ordering parts:

- Specify the correct part number on each item. Whenever in doubt about the model year, refer to the Vehicle Identification Number stamped on the frame.

Vehicle Identification Number (V. I. N.) is located on the frame under the left seat. The V. I. N. (vehicle identification number) for the DE40 model is as follows:

MODEL	First Two Digits (Model)	Next Five Digits (Sequential Number)	Second Last Digit (Manufacturer)	Last Digit (Model Season)
DE40	8D	10000 and up	H	6-1976 7-1977 8-1978

Example: 1978 DE40 (8D 12151 H8)

- An asterisk (*) in the used-on column indicates part is used for 1978 models (the latest model year covered by this catalog).
- Part Numbers are to be used when ordering by TELEGRAM or CABLE.
- When ordering parts use our standard parts order blank Part No. 99511-76, for all parts. The use of these blanks will enable us to fill and ship your order more promptly. These blanks are furnished free of charge upon request.
- Do not order golf cars or advertising matter on Parts Order Blanks. Write nothing on the order blank except the order itself, as any other correspondence will not be answered until the order is shipped and billed.
- Freight, Express and Parcel Post orders should be on separate order blanks.
- For your own records, number and date all orders, also keep a carbon copy for reference in case of misunderstanding.
