PARTS CATALOG

Gasoline Golf Car

1982

Part No. 99448-82

GENERAL INFORMATION

This Parts Catalog has been prepared for your convenience when ordering parts for GASOLINE GOLF CAR-Models D3, DX4. Wherever possible parts are shown in assembly break-down sequence. Index numbers shown in the illustrations correspond to index number in parts lists. Consult the illustrations when ordering parts so you are sure to get just what you want. In most cases only the latest parts are shown in the illustrations.

Number in parenthesis following description of part is the quantity needed for complete assembly shown in illustration. If there is no number in parenthesis, only one is used.

Prices of parts and accessories listed in this catalog are published separately in the latest RETAIL PRICE LIST.

The following instructions should be followed carefully when ordering parts:

- Specify the correct part number for each item. Check the "Used On" column of the parts list which shows the model on which the part fits. Whenever in doubt, refer to the number plate located on the frame.
- Vehicle Identification Number (V.I.N.) is located on the frame left side. The V.I.N (vehicle identification number) for GASOLINE GOLF CAR models are as follows:

GASOLINE CAR (Model)	FIRST TWO DIGITS (Model)	NEXT FIVE DIGITS (Sequential Number)	SECOND LAST DIGIT (Manufacturer)	LAST DIGIT (Model Season)
D3 DX4	3B 5K	10000 and up	J-1982 & later	2-1982

Example: 1982 D3 (3B 12150 J2)
1982 DX4 (5K 12151 J2)

- An asterisk (*) in the "Used On" column indicates part is used up to and including 1982 models (the latest model year covered by this catalog).
- Part numbers are to be used when ordering by TELEGRAM or CABLE.
- When ordering parts use our standard Parts & Accessories order form, Part No. 99511-76, for all parts. The use of these forms will enable us to fill and ship your order more promptly. These forms are furnished free of charge upon request.
- Do not order golf cars or advertising matter on Parts Order Forms. Write nothing on the order form except the order itself, as any other correspondence will not be answered until the order is shipped and billed.
- Freight, Express and Parcel Post orders should be on separate order forms.
- For your own records, number and date all orders, also keep a carbon copy for reference in case of misunderstanding.
